Please use a separate order form for each bag /container of fleece to be processed. Please note the batch number and the bag number on each form. For example- if you are having three brown fleeces processed together, that would be one batch. Each bag would have a separate number (1,2,3). If you are having each bag of fleece processed separately, each bag would be a separate batch.

Prices are based on weight upon arrival. Fiber must be very clean in order to be processed by our machines. Even if the fleeces have already been washed, we will likely rewash to ensure the safety of our machines. This price is included in the processing fee. Please skirt fleeces thoroughly before sending.

We are a small mill and we love working with small farms- which is why we do not have a minimum order requirement. However, storage space within the mill is extremely limited. If your total order is 50 pounds or more, we will require either a deposit or a pre-arranged schedule for pick up and payment of batches as we work through the order. Payment in full is required within ten days of notification of order completion. After ten days, a storage fee of \$30.00 will be applied. After 30 days of nonpayment, the order becomes the property of Skirted Fleece Mill and will be sold to recover processing costs.
